EXPERIENCE

Rising Star, Satellite — *IT Tutor and Computer lab Technician*

January 2021- PRESENT

I taught as an IT tutor and lab Technician. I did installation of software and managed the database system for the reports for every term.

I gained so many skills in using MS Access and dealing with computer networks and servers.

I was also in charge of the Computing, and drama clubs. I organize the clubs for series of activities every time there's a program and especially during graduations.

Bright Sparks, Satellite — *Teacher*

February 2019- January 2021

I taught as and IT, Science, and Creativity teacher at this institution.

I was hardworking since the subject loads increased.

I was also made the Secretary for the Parent-Teacher Association

Natural Brains, Pobiman — *Teacher*

August 2018 - February 2019

This was the time I had left Senior High School, I gained interactive skills and managerial skills from this institution.

EDUCATION

Accra Technical University, Accra—*HND in Computer Science*

January 2020 -Present (Ending in September 2023)

I studied Computer Science from this institution and yet to obtain my HND.

Accra Institute of Technology, Accra — *Certificate in Computer Science*

January 2019- September 2019

I obtained a certificate in Computer Science from this institution.

SOFT SKILLS

Collaborative

I enjoy working with teams to build extraordinary web experiences.

Resilient

I overcome obstacles to deliver high-quality, reliable products that serves the needs of my clients.

Solutions-oriented

I utilize my technical expertise to efficiently address challenges.

Creativity

With my love for music, drama, and dance, I thrive on bringing imaginative ideas to life through web development.

PROJECTS

Nyametease Perfect Grace Foundation — A Foundation Website

This is a foundation website for a foundation that takes care of the poor and needy and provide support for students.

The target was to create a user-friendly UI where users can interact easily with the site and explore some of the activities the foundation undertakes.

It included a gallery and a donation page where visitors can explore the pictures and make donations through different provided means.
